**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I depend on less expensive DSL service to access the internet. I believe that proposed changes to the FCC rules for provider will make my provider uncompetitive in the market. Please do not allow ATT to drive the smaller providers out of business. This will be very bad for pricing and service.

BTW, the larger providers give their service through offshore people that are hard to understand and work with. As a former customer of ATT I dread having to go back to them. Please do let that happen by changing the laws to decrease competition.

Thank you,
